

## Video Specialist

**InnerKraft** is a startup, building a **digital platform for mental health solutions** for the youth of India. We are on a mission to ensure you develop a healthy relationship with your emotional and psychological health.

InnerKraft is looking for a skilled **Video Specialist** to join our young and enthusiastic team.

**Job Location:** Near Taratala, Kolkata (Work From Office)

**Nature of Employment:** Full-time

**Role Overview:** Are you passionate about storytelling through visuals?

Join our creative team as a Video Specialist! You'll be shooting and editing exciting content in various locations, from our office and workshop to outdoor and offsite locations. If you love bringing ideas to life and working in a dynamic environment, this is the job for you!

### Responsibilities:

- Capture high-quality video footage in diverse settings (studio, office, workshop, outdoor, offsite)
- Set up cameras and audio equipment for optimal recording
- A good understanding of light and handling of equipment.
- Edit video and audio content with precision and creativity
- Add animations and motion graphics to enhance video productions
- Conduct photography sessions and edit photos as needed
- Design engaging graphics for various media

### Requirements:

- Passionate about and experienced in video shooting and editing
- Bachelor's degree in a relevant field
- Skilled in handling mirrorless cameras, lighting, and audio/sound equipment
- Experienced with motion graphics and graphic design

- Proficient in video editing software
- Strong graphic design skills
- Knowledge of using relevant AI media tools

Join us and unleash your creativity in a role where every day brings new and exciting challenges!
